

OUR FACILITIES AND PARTNERSHIPS

Aldelano Packaging Corp. has seven facilities strategically in U.S. These include:

Jackson, Tennessee: two locations – packaging and warehousing services with up to 300 employees, 2 – 3 shifts, 7 days a week.

Atlanta, Georgia: packaging services, cold storage facility, 1 – 2 shifts, 5 – 7 days a week.

New Orleans, Louisiana: project staffing, production support and material handling, up to 150 employees, 24-hours a day, 7 days a week.

Albany, Georgia: analytical product testing laboratory with over 40 employees, 24-hours a day, 7 days a week.

Oxnard, California: manufacturing, equipment operation and maintenance, 24-hours a day, 7 days a week.

Ontario, California: packaging services, material procurement and packaging design services. Specializing in corrugated boxes and displays, folding cartons, films and printing services.

But we're not limited to operations in these areas. We can work onsite at your facility or set up operations within 15 miles of where you are. Over the years, we're set up shop at more than 25 cities nationwide.

Employing the latest technologies in the packaging industry. Our in-house engineering team specializes in designing (CAD design), building, reconditioning, modifying, and sizing equipment to ensure the right equipment for each project. We also use real-time (bar code scanning) inventory systems.

In addition, we have numerous partnerships with companies in the U.S. and abroad. Our partnership in Mexico allows us to offer services at tremendous labor savings, as well as boast additional capabilities such as electronic component assembly and ISO certification. Partnering with companies in China also gives us access to materials and supplies at unbeatable prices.
